

## CONCISE®: A UNIQUE DEPOSITION SUMMARY SERVICE PROVIDED BY SPECIAL COUNSEL

Special Counsel is the leading provider of legal workforce solutions to law firms and corporate legal departments across the country. Our solutions include automated litigation support services to help you better serve your clients while containing litigation costs. If you are looking for a way to conserve your resources and obtain quality deposition summaries at a competitive cost, Concise® is the answer.

### COST-EFFECTIVE, QUALITY-CONTROLLED DOCUMENTS

Priced by the page, not by the hour, Concise summaries are extremely cost-efficient. They are also formatted and checked for quality by seasoned professionals. And we deliver them on time, every time, via the Web, CD-ROM or by other media to meet your requirements.

### COMPILED BY TRAINED PROFESSIONALS

Selected from our nationwide pool of legal professionals, all digest writers are trained and tested to assure proficiency. In addition, summaries are reviewed by Special Counsel legal veterans to assure the highest quality.

### DELIVERED THROUGH PROPRIETARY INTERNET TECHNOLOGY

Concise summaries are captured online and protected by individual passwords as well as remote log-in to a secure Web site.

### AVAILABLE IN FLEXIBLE FORMATS

We can prepare Concise summaries in your choice of formats. Our chart and page-by-page summaries reduce approximately three to ten pages into a single paragraph. Our alternative topical format organizes information into the topic groupings that you specify.

### A CONCISE SUMMARY OF ADVANTAGES

- Cost savings up to 50%
- Internal resources freed up for more substantive work
- Flexible work force to handle volume and tight deadlines
- More context than searching with an electronic indexing system
- Entire process managed by Special Counsel
- Proprietary technology that supports production and electronic delivery

Whatever your litigation needs, Special Counsel has a proven record of surpassing our clients' expectations. Call us today for additional information on Concise or our other litigation support and document management services including:

- Requests to produce
- Privilege review
- Document collection and categorization
- Document scanning and coding
- Document management (filing, indexing, typing, copying, proofreading)
- Turn-key project space

The demands of litigation are intense, and many law firms and corporate legal departments do not have the staff required to prepare deposition digests.
